8.1 (a) HOLIDAY PAY New Year's Day, Easter Sunday, Memorial Day, Fourth of July, Labor Day, Thanksgiving and Christmas, or the days set aside for such holidays, and the day of the employee's anniversary of birth and the day of the employee's anniversary of employment will be paid holidays and any employee who does not work or is on vacation on said holidays will receive wages for eight (8) hours for each of said holidays not worked. Craft classified employees in the Maintenance Department shall observe the Friday immediately following Thanksgiving Day as a holiday instead of Easter Sunday. No option shall prevail for this holiday for these employees.

The holiday guarantees shall not apply to any newly hired employees with less than ninety (90) days of continuous service.

Employees must have more than one (1) year of continuous service in order to be eligible for holiday pay on their anniversary of employment or anniversary of birth. The intent of this provision is that an employee would be eligible for a paid holiday for his or her birthday next succeeding completion of one (1) year of service and for the employee's second (and successive) anniversary dates of employment.

MARTIN LUTHER KING, JR. HOLIDAY In the event the Authority operates a Holiday Schedule on Martin Luther King, Jr. Day, such day shall be considered an additional paid holiday under the Agreement.

Unless and until the Authority operates a Holiday Schedule on Martin Luther King, Jr. Day and by reason of the foregoing provision it becomes a paid holiday under the Agreement, an additional floating holiday will be made available to each employee and will be considered to be in observance of Martin Luther King, Jr. Day.

This floating holiday will be picked prior to the start of the contract year in which it is to be taken in accordance with a provision to be established by the Authority.

VETERANS DAY HOLIDAY All employees who have more than one (1) year of continuous service with the Authority will be eligible for a paid personal leave day of eight (8) hours at straight time pay. The Authority will have the necessary flexibility to establish the rules and procedures under which the personal leave day operates.

7-Day Sick Plan, Accident and Sickness Insurance benefits or Workers' Compensation pursuant to the laws

of the State of Illinois, the employee is entitled to holiday pay for applicable holidays without diminution of his Accident and Sickness or Workers' Compensation benefits.

When a holiday occurs on an employee's scheduled day off and the employee is called out to work, the employee shall be paid the applicable rate for working the employee's day off for all time worked, eight (8) hours' holiday pay and holiday premium time.

An employee, who is entitled to a paid holiday and who is called out to perform work on a holiday, shall receive both the holiday pay and pay at the applicable overtime rate for all time worked on such holiday, subject to appropriate minimum guarantees.

When a holiday falls on an active hourly rated employee's scheduled day off or during the vacation period, the employee may elect to receive eight (8) hours' pay for the holiday at his or her regularly classified rate or stipulate a work date off with eight (8) hours' pay at this regularly classified rate within a period of 30 days preceding or 60 days subsequent to such holiday, to be mutually agreed upon. In order to exercise this option, an employee must notify the Authority a minimum of three (3) days prior to the day the holiday occurs. This provision also applies when a holiday coincides with one (1) of the other paid holidays. Employees shall not have the right to exercise an option for the Easter Sunday holiday.

When a holiday falls on an active monthly rated employee's scheduled day off or during the vacation period, the employee will stipulate a work date off with eight (8) hours' pay at the regularly classified rate within a period of thirty (30) days preceding or sixty (60) days subsequent to such holiday, to be mutually agreed upon. This provision also applies when a holiday coincides with one (1) of the other paid holidays. Employees shall not have the right to exercise an option for the Easter Sunday holiday.

8.2 HOLIDAY SCHEDULES

(a) If the Authority operates on a holiday schedule on any day other than Sunday or the standard holidays listed in the Agreement, employees will be paid holiday pay and paid for work on that day according to the same rules that apply to the standard paid holidays listed in Article 8.1 of the Agreement.

(b) For the purpose of receiving holiday pay, an "active employee" under

Arrangements for vacation must be made with regard to the necessity of continuous working conditions in order that, in the judgment of the Authority, a sufficient number of employees will be available at all times to cover the various classes of work.

Vacations may not be made cumulative from year to year. Except as provided below, vacations may not be waived. An employee entitled to more than three (3) weeks vacation shall have the right to advise the Authority in writing at least forty-five (45) days prior to the date on which the vacation selection process is scheduled to begin that the employee elects to receive pay and not take time off (in weekly increments) for all or a portion of vacation earned in excess of three (3) weeks. If an employee so elects, the vacation pay for the vacation week or weeks the employee opts to work shall be paid to the employee the first full pay day after June 1st of the vacation plan year.

Emergency vacation will be granted when an employee provides persuasive evidence that a bona fide emergency warrants such vacation and the employee is entitled to vacation time.

2000-2003 CTA-ATU WAGE AND WORKING CONDITIONS AGREEMENT

TICKET AGENT SHORTAGE AGREEMENT

PREAMBLE

The Chicago Transit Authority (CTA) and Amalgamated Transit Union, Local 308, AFL-CIO, CLC (Local 308) have negotiated and enter into this Settlement Agreement (this Agreement) in final and binding resolution of the various employee revenue shortages and related grievances described both herein and in the attached appendix. With respect to the numerous individual grievances covered by this Agreement, this Agreement constitutes a final, binding, and conclusive resolution of the claims raised by such grievances, except as may be necessary to enforce the terms of this Agreement.

The CTA and Local 308 recognize and acknowledge the continuing need to improve the security of the CTA's revenues as well as the working conditions of bargaining unit personnel. Both further recognize and acknowledge the benefit to labor and management - reflected in this Agreement - of on-going efforts to devise, implement, and improve an orderly, fair, and secure revenue and collection system. This Agreement is the result of both parties' efforts to address these concerns in a constructive and mutually beneficial manner.

I. SPOT VERIFICATION OF AGENTS' RECEIPTS

Effective within thirty (30) days of the date of this Agreement, the CTA will institute a system of random spot verifications of Ticket Agents' receipts. Personnel who shall perform these spot verifications may include Superintendents, Assistant Superintendents, Agent Supervisors, Agent Supervisors Superintendents, Rail District Superintendents, and Pool Supervisors (when they are performing the duties of their higher job classifications). The CTA will ensure that no less than eighteen (18) Agent Supervisors,

revenue in question has been handled by the Ticket Agent (i.e., the actual calendar date of the drop, as may be shown on the Ticket Agent's report) to the end of that Ticket Agent's third working day hence. However, if a Sunday is involved in the three working day count, one additional day will be added to the three working day notification process for each Sunday that the ticket agent works; i.e., if the first day is Friday, Saturday or Sunday, then one working day will be added to the three working day count for notification.

The CTA will notify Ticket Agents of amount of all alleged shortages discovered by Revenue Accounting personnel (e.g. VISIFARE discrepancies) within thirty (30)

calendar days of the occurrence of the shortage (i.e., the actual calendar day of the drop, as may be shown on the Ticket Agent's report.) In the event that a Ticket Agent is not notified in a timely fashion, the Ticket Agent may not be disciplined in connection with the shortage nor required to reimburse the CTA for the amount of the shortage in question.

The CTA shall in each instance notify the ticket agent of an alleged shortage by a telephone call to his or her work location or by written notification sent to the employee's work location. Such written notification must be contained in a envelope marked "PERSONAL" addressed to the ticket agent by name and badge number and sent to the station where the ticket agent is working. Two copies of the notice of alleged shortage must be sent to the station. The ticket agent should sign one of the copies to indicate that he or she has received the notification. Should the ticket agent refuse to sign, the person who has delivered the copy to the ticket agent must note his or her name on the notice along with the time of delivery and the location where delivery was made. In any event, one copy of the notice must be left with the ticket agent.

It is understood and agreed that the purpose of this provision is to ensure that prompt notification will be afforded all Ticket Agents who may be charged with alleged shortages. To ensure the efficient performance of such notice for its intended purposes, the parties acknowledge that:

- It is the responsibility of the CTA to ensure that Ticket Agent booths are properly equipped with telephones which function as intended.

The parties to this Agreement acknowledge these responsibilities, and pledge their good faith efforts to ensure performance of them.

III. PROGRESSIVE DISCIPLINE

Effective within thirty (30) days of the date of this Agreement, no form of discipline

It is understood that the foregoing constitute agreed upon disciplinary guidelines. However, if unusual situations or extenuating circumstances are present, the situation may warrant consideration of deviation from the guidelines based upon all the facts available for review. Accordingly, these guidelines may not be inflexibly applied as a matter of rote, but are intended to be used as a guide for the considered judgment of supervisory personnel who must in each case view all of the facts of an employee shortage in their proper context. In addition, in recognition of the fact that some Ticket Agents may have currently accumulated a number of shortages under circumstances which this Agreement is intended to improve, these guidelines may not be applied to employee shortages occurring prior to the date of this Agreement.

Mandatory individual retraining for non-math errors by Ticket Agents is abolished effective the date of this Agreement. Individual retraining for math errors may be required when appropriate, as is generally set forth above. Ticket Agents who voluntarily desire retraining may receive it as schedules permit, without having any indicia of discipline attached to their work records in connection with such voluntary retraining.

IV. SETTLEMENT OF GRIEVANCES

All grievances concerning employee shortages which were pending on or after October 1, 1982 to and including September 12, 1985, which have not as of the date of this Agreement been heard in arbitration or amicably resolved, will be resolved as follows:

A. SHORTAGES

For each grieved shortage the CTA will pay each employee 50% (fifty percent) of the fine assessed, taking into account the extent to which the employee has paid the fine assessed.

B. RETRAINING AND SUSPENSIONS

Employees will be compensated for all time lost as a result of discipline for alleged shortages as follows:

Working Days Lost Due to Discipline Backpay Award

1st day of lost time	50% of wages lost
2nd day of lost time	40% of wages lost
3rd (and each following) day of lost time	30% of wages lost, per day

G. Rail vaults maintained at the terminals must be adequately secured at all times. The parties acknowledge that Superintendents share joint responsibility with Rail Terminal Clerks for the securing of rail vaults. Effective immediately, the CTA will ensure that Superintendents' observation of Clerks' "drops" in the rail vaults is properly performed and that reasonable alternatives to leaving the rail vaults unlocked at the terminals until filled are explored and implemented (e.g., by utilizing temporary locks, the keys to which only the Superintendents have access).

H. The CTA will permit periodic visits by representatives of Local 308 to Central Counting for the purpose of observing the procedures used to determine and verify Ticket Agents' shortages and overages contingent upon scheduling and security considerations. Such visits may occur on an annual or semi-annual basis or as mutually agreed.

I. Drop safes in Ticket Agents' booths will be periodically checked for design and maintenance defects. Cost-effective improvements will be implemented without undue delay. The parties recognize that it is imperative that Ticket Agents report known defects.

J. The CTA will take the following steps to improve security for Ticket Agents' receipts:

- 1) Alarm locks and sensitive interior doors at Central Counting will be installed wherever Ticket Agents' receipts are maintained;
- 2) Such other improvements as may from time-to-time come to the attention of the CTA from Local 308, bargaining unit personnel, or otherwise, will be implemented contingent upon merit, the labor contract, and available resources only.

K. The CTA will promptly conduct a time study for the purpose of determining whether the 5 minutes for "bagging time" currently allowed Ticket Agents is sufficient. The CTA will share the results of such study with Local 308, and will increase the time allowed if reasonably necessary.

L. Effective within thirty (30) days of the date of this Agreement, in all instances of discipline imposed for alleged Ticket Agent shortages, the CTA is required to provide to Local 308 upon request the seals, tags, and money

and the revenue and collection system within which they must perform their job functions. Such issues may include but need not be limited to:

- Revising current rules regarding reading on duty, playing radios, and smoking in the Ticket Agent booths;
- The feasibility of eliminating all forms of discipline for alleged Ticket Agent overages;

MOTOR OPERATOR RECERTIFICATION PROGRAM

Prepared by:

Operations Training/Instruction Department
June 26, 1986
Revised January 7, 1987

demonstrates that the employee has operated in an exceptionally safe manner, the employee will have the option of foregoing recertification testing. If the employee exercises this option, a new certification card will be issued that will expire two years from the date of the employee's previous certification card. However, no employee will be permitted to exercise this option more than two consecutive times. This method assures that even the Authority's most proficient in-service vehicle operators are tested at least once in every six-year period and also provides an incentive for Motor Operators to maintain their job knowledge and operating skills.

The criteria for determining that an employee may be excused from testing and issued a new certification card are as follows:

C Employee must have worked as a Motor Operator, Switch Operator or Rapid Transit Operator, or any combination thereof, at least two hundred days per year during the previous two-year period.

C Employee must have no chargeable incidents.

C Employee must have no suspensions or corrective case interviews for safety-related violations.

Employee will be notified by superintendent or designee at least sixty days prior to expiration of the employee's certification card. It is the responsibility of the employee to contact the terminal superintendent or instructor and arrange to be tested or to declare his/her option to forego testing. Testing will be scheduled through mutual agreement of the Operations Training/Instruction Department and the employee.

C An employee who successfully completes recertification testing will be issued a new certification card that will expire two years from the expiration date of the employee's previous certification card.

CERTIFICATION CARD

The certification card is a wallet-sized identification card which states that the employee is a qualified Motor Operator and includes the employee's name, badge

number and signature and the expiration date of the card. Certification cards will be issued in the following manner:

C For startup, all employees who qualified for the Striving for Excellence program in 1986 will be issued GOLD cards. All others will be issued BLUE cards.

C Employees who are required to be tested will receive a BLUE certification card that states the employee has demonstrated through written and performance testing that he/she is a qualified Motor Operator.

C Employees who are eligible to forego testing and exercise the option will receive a WHITE certification card that states the employee has demonstrated through sustained excellence as a safe Motor Operator that he/she is a qualified operating employee.

C Employees who are eligible to forego testing but volunteer for testing will receive a GOLD certification card that states the employee has demonstrated through written and performance testing that he/she is a qualified operating employee.

C Employees who would be eligible to forego testing but must be tested because of the six-year requirement will receive a GOLD certification card that states the employee has demonstrated through sustained excellence as a safe Motor Operator and by passing both written and performance testing that he/she is an exceptionally qualified operating employee.

the card expires. These employees will be eligible only for a BLUE certification card upon taking and passing the recertification test.

Employees referred to retraining during the sixty-day expiration notification period must pass recertification testing after retraining and before returning to work.

The option of participating in the EAP as a volunteer will not be available to an employee after he or she has been notified to submit to breath/urine testing under CTA Drug and Alcohol Policy and Testing Program for Safety Sensitive Employees and supplemental Policy for NonSafety-Sensitive Employees, nor can an employee become a volunteer when subject to disciplinary action in order to avoid the discipline.

2.a. First Time Rule Violators. If an employee eligible to participate in EAP, as defined in Section A above, with three (3) or more years of service violates the Authority's rules concerning alcohol, drug or controlled substance abuse (i.e., a rule violator), he/she may seek and be granted admission to the EAP, subject to the following limitations:

- b. An employee who tests positive for alcohol (above specified limits), controlled substances or narcotics in the event of a vehicular accident involving a possible claim of personal injury or property damage will be discharged for the first such rule violation.
- c. In the case of a first time rule violator with three (3) or more years of continuous service, except in vehicular accident involving the possible claim of personal injury or property damage as defined by the "Attachment H Appendix", the rule violation alone will not constitute a basis for justifiable discharge.
- d. A first time rule violator with less than three (3) years of continuous service will be discharged on the basis of the rule violation alone. For a temporary employee who is hired as a part-time or full-time employee, any period between the time of his resignation and his acceptance of the first job opening offered to him will be included in the computation of continuous service, provided the employee has resigned from temporary employment for the purpose of obtaining part-time or full-time employment.
- e. A first time rule violator who refuses to participate in the EAP when provided the opportunity by the CTA, or by an arbitration decision will be discharged.

- g. An employee who, prior to September 26, 1990, has participated more than once in the EAP program as a rule violator and/or a volunteer, because of drug and/or alcohol abuse, may be allowed to participate in the program one additional time during the course of his or her employment. Such an employee will not be given access to the EAP as a rule violator if their previous participation was as a rule violator as defined above.

3. Independent Treatment Services

Employees who independently receive alcohol and/or substance abuse treatment services and who either request payment for such services through a CTA health benefit program, or through some other health care plan not associated with the CTA, must notify the Employee Assistance Program in writing within ten (10) days from the beginning of treatment. Such employees shall be treated as volunteers in accordance with Section B.1 as of the date they notify the Employee Assistance Program. If an employee fails to provide notice as required under this paragraph, such employee shall be treated as a rule violator in accordance with Section B.2. In addition, they will be held personally liable for all costs associated with said treatment.

Employees who choose to participate in HMOs will waive any claim to confidentiality between themselves and the HMO and/or HMO-affiliated treatment physicians concerning alcohol and/or substance abuse treatment and will permit said HMO and/or physicians to notify the Authority if they seek such treatment from said HMO and/or treating physician. They also agree to fully participate in any initial and/or follow-up monitoring program as determined by the Administrator/Coordinator of the EAP.

C. Treatment Programs

1. The Substance Abuse Professional to whom the participant's case has been referred will determine what professional assistance, if any, is necessary to resolve the individual's problems.
2. If a treatment program is necessary, the employee will not be allowed to continue in active service in his or her present occupation unless the Authority determines that the employee's occupation and the nature and severity of his/her problem does not require removal from service or job duties.

- c. The employee agrees to continue participation in the Employee Assistance Program and to comply with monitoring programs directed by the Authority.

E.2 EAP Participants Who Do Not Desire to Return to Former Safety-Sensitive Position

An employee-participant, formerly a safety-sensitive employee, who successfully completes the initial treatment phase of the Employee Assistance Program and who does not wish to return to his or her former position is subject to the following procedures:

- a. The employee-participant will request in writing to the Employee Assistance Program Administrator/Coordinator that he or she be placed in a position other than his or her former position.
- b. The EAP Administrator/Coordinator will notify the Union and the Personnel Administration Department and the employee-participant's department of the employee-participant's request.
- c. If an alternate bargaining unit position is available, an employee-participant, for purposes of initial placement only, will be placed in that position on the basis of company seniority. It is understood and agreed that the determination of whether or not an alternate bargaining unit position is available is within the sole discretion of the CTA and is not a grievable issue under the CTA-ATU Wage and Working Conditions Agreement. Nothing contained herein precludes an employee from bidding on a posted position in accordance with the procedures contained in the Wage and Working Conditions Agreement.
- d. If no alternate position is immediately available, the employee participant will be placed in Area 605 and will be subject to Attachment D of the CTA Wage and Working Conditions Agreement. However, such employee participant, no earlier than nine months after being placed in Area 605 and no later than ninety days prior to the expiration of the two-year period referred to in Attachment D may request a return to his or her former operating position and will be placed in such a budgeted position if it is available and if the Authority's medical department has found the employee fit for duty.

completion of a follow-up test, the employee may be required to perform any work to be done in his/her classification, including unscheduled work. Time spent in meeting the follow-up test requirement will be considered as time worked for overtime computation purposes.

b. An employee requested by the Authority to submit to a drug and/or alcohol test due to the employee's failure to satisfactorily comply with his/her follow-up testing plan requirements shall not be compensated.

3.a. If an employee is on active status after the initial EAP treatment anytime during the course of the follow-up phase and is found to be positive for alcohol (above the specified limits), drugs or controlled substances, he or she will be considered as a rule violator as defined by Section B.2 except provided in Section G.4 below. An employee is deemed to be on active status and subject to this provision as of the time the employee reports for the return to work physical. The Substance Abuse Professional will notify the employee in writing, at the time he or she successfully completes their initial phase of EAP treatment and is released to return to his or her former classification, that the follow-up phase commences when the employee reports to the Medical Department for the return to work physical.

b. However, an employee on active status as referenced in subsection 3.a above shall be discharged and not be made a rule violator if (1) the employee has any prior rule violations during his/her history of employment with CTA, or (2) the positive result was for a drug/alcohol test conducted pursuant to a vehicular post-accident situation involving any personal injury or property damage as defined by Section B.2 and the "Attachment H Appendix."

4. If an employee, anytime during the course of the follow-up testing period referred to in Section G.3, and prior to notification of a drug and/or alcohol test in accordance with Attachment G, Section II.A, informs the EAP counselor that he or she has relapsed, the employee shall be permitted to continue in the Program. An employee will be permitted to relapse only once during the follow-up testing period. The employee will continue in the Program as either a rule violator or a volunteer depending on how he or she was admitted

J. Effective Date

Date of ratification by both parties.

K. Grievance/Arbitration Procedure

Any dispute concerning this policy shall be subject to the parties' grievance/arbitration procedure contained in their collective bargaining agreement.

However, if the CTA official determines, using the best information available at the time the decision is made, that the employee's (s') performance can be completely discounted as a contributing factor to the accident, the CTA official is not required to order a post-accident test, regardless whether the test falls under FTA or CTA jurisdiction.

- (2) Show-up assignments will be assigned to extra employees as determined by the Authority.
- (3) An extra employee may be assigned a four (4) hour show-up if needed. The show-up will be during the period when employees are reporting for work, to protect for misses, signing off sick, or to cover extra work that may open up. - (4) Where an outside assignment sheet is posted, the times of the scrub and show-up (or show-up and scrub, or show-up only) must be posted on this sheet so each extra employee will be advised. The Authority, however, retains the right to change such assignments should any work become open after the assignment sheet is posted.

- (6) When an employee reports for a show-up and then receives work starting after the show-up reporting time, the employee will receive the actual time for showing up plus pay for the work performed with a minimum of eight hours for that day.
